## Customer Reviews

The information in this book is reasonable and potentially helpful. However, it does get a bit repetitive at times and spends a bit too much time telling you why other methods are wrong. I felt like it was more along the lines of do this because they're wrong and I'm right that straight forwardly helpful.

this is not your typical 300 page book... But I would rather consider this as a book where you can read while waiting for a train or for a friend in a coffee shop. This tells me how I should handle the breakup through Active No Contact as opposed to the usual No Contact. Short but straight to the point.

This is great advice after my ex breaking up with me after 9 yrs. I do however believe the email sent by Clay stating in the first line that he cannot help my situation or generic letter to people is not a good thing to send while not knowing the situation of people and giving such great advice in his books.

I thought it was informative and it actually helped me to feel a little better. Makes total sense. If we want something, try! That's all we can do. But the tips in here are fantastic!!

Finally a "get your ex back" plan that focuses on personal growth, rather than mind games! Even if it doesn't work, at least I will have grown as a person.

Great Book. Simple and easy to read with good attainable advise. Anyone can do this. The helped me with my healing process.
