Customer Reviews

This is a very well written, informative book. Jack takes you through his own personal experiences that led him to believe he had delayed ejaculation. Through his own trial and error, he has developed a book to help us who have delayed ejaculation to overcome it quicker than he did. Great read for any man struggling with this.

This is a well-written, concise, and relatable book for men who suffer from D.E. I found myself nodding in complete understanding of everything Mr. Parker discussed and look forward to utilizing some of his suggestions in my effort to try to lead a fuller sex-life.

Bad grammar, uninformed, homophobic. Waste of money.
