## Persuader (Jack Reacher)

## Synopsis

Jack Reacher. The ultimate loner. An elite ex-military cop who left the service years ago, he's moved from place to place without family, without possessions, without commitments. And without fear. Which is good, because trouble "big, violent, complicated trouble" finds Reacher wherever he goes. And when trouble finds him, Reacher does not quit, not once, not ever. But some unfinished business has now found Reacher. And Reacher is a man who hates unfinished business. Ten years ago, a key investigation went sour and someone got away with murder. Now a chance encounter brings it all back. Now Reacher sees his one last shot. Some would call it vengeance. Some would call it redemption. Reacher would call it justice.

## Customer Reviews

PERSUADER, the seventh installment of Lee Child's Jack Reacher series, is perhaps the best so far. On a Boston sidewalk, Reacher almost collides with a man shot three times - including twice in the head - and pitched off a cliff into the Pacific ten years before. Having a former colleague in the Military Police put a trace on the man's license plate brings the Drug Enforcement Agency to Jack's door. And what might your interest be, sir? Reacher, is it? Jack, a former Army MP major that now wanders the United States as a near-vagrant always on the lookout for wrongs to rectify, finds himself aiding the Feds as he goes undercover to penetrate a fortified mansion on an isolated headland on Maine's wild coast. The DEA suspects that the mansion's owner, Zachary Beck, is using his importing business to bring in something other than Oriental floor coverings. And Beck

apparently has a connection to Reacher's sidewalk ghost. Jack doesn't care about Beck or his rugs, but does have another old score to settle once and for all. And this time he's going to get it right, or die trying. The plot of *PERSUADER* includes the first time I can recall Jack feeling fear. Well, not fear maybe, but at least apprehension. Beck's gatekeeper, Paulie, is six inches taller, ten inches wider across the shoulders, and two hundred pounds heavier than our hero. Paulie's arms are bigger than Jack's legs. And he's surprisingly quick. Both you and Reacher know that, at some point, he's going to have to fight this monster. From Jack's point of view, that's going to be the dodgy bit. The reader savors the expectation. Jack's my favorite Loner and Tough Guy in the Trashy Literature genre. But, his habitual physical impregnability becomes almost monotonous.
