Killing BV: The Definitive Guide To Cleaning Up The Mess Left By Bacterial Vaginosis

Synopsis

All-new treatment program! 6th edition out now Tired of trawling the internet for an answer to your BV problems? Welcome to All Things Vagina and our original science-based naturopathic BV treatment protocol and guidebook, Killing BV. Killing BV explains why you have recurrent BV and how to get rid of it using our very own science-based naturopathic treatment plan. The program is designed to bust the vaginal biofilm of *Gardnerella vaginalis* and friends, and replace it with a healthy lactobacilli biofilm, removing the cause of recurrent BV. Free email support and exclusive treatment-related content What you get Killing BV eBook - 12,000 well-written easy-reading words by a real writer and naturopath A dedicated treatment plan, with personalised tweaks where required Free access to exclusive BV-busting treatment turbo-charging tips and tricks in the BV Support Section Free email support - ask us anything! Tell us long boring stories! We love it all. The latest BV research, in plain English We're naturopaths and all we deal with are vagina problems day-in day-out - we know BV Praise for Killing BV "Your book has been extremely helpful. I'm so very glad I came across this book, as so far it's been the only thing to help â€” thanks again." Katrina "Your website/book is amazing!! Being in the public health field and extremely interested in women's health, your website and book was so comforting to read and filled with knowledge. I am SO happy I stumbled across your site after numerous pointless Google searches. I will always use All Things Vagina for any future problems." Kim "Thank you for taking the time to make this website. It truly is the one place I've found that is REAL about vaginal issues and health." Rebecca "Your desire and willingness to help those of us suffering with this terrible condition is so wonderful." Danielle "Thank you for all your help and listening." Stephany We are confident that the information we provide will help you in a way that nobody else has been able to. Let us take you for a ride into your body and help you solve this insidious problem once and for all.

Customer Reviews

"Magic treatment" in the book is milk kefir suppositories, and if you happen to be vegan, they say you can try water kefir. However they admit they have no idea if the vegan version will work. Just another book pushing massive amounts of probiotics up your lady parts...nothing you couldn't find through an online search. I will say that the book does have a lot of good information on BV and normal flora, but again, you can find all this information online for free.

I like the logic and detailed explanation of how and why this should resolve the root of the problem. I am in the midst of using the protocol and so far, it is working. Hopeful that it will resolve it for good. I avoid medications and drugs at all costs so a natural remedy is exactly what I was looking for

Oh you sanctimonious vegans are ridiculous in every way. Get over yourself. Really? You are taking it that far that you need VEGAN suppository? That should be in an SNL skit or something. #firstworldproblems. This book was very helpful ignore the self-righteousness of the first reviewer.

I feel more confident in feeling like I could finally be liberated from my BV and start being myself again. I really hope these methods work for me.
