Pocket Guide To APA Style

Synopsis

The POCKET GUIDE TO APA STYLE, 5E is an essential tool for writing research papers across the disciplines. Concise and thorough, the POCKET GUIDE offers straightforward explanations, annotated examples, and margin notes designed to help writers produce properly documented papers in the latest APA style. Not only less expensive and easier to use than the APA Manual, the POCKET GUIDE also includes extensive coverage of electronic sources, preparing writers to evaluate and use Internet references correctly in their research.

Customer Reviews

While the book itself is GREAT, the ad on says it's "less expensive" than the actual APA manual. Not true. The actual APA manual, 6th edition, is \$24.11. I don't think I've ever seen it for more than \$26. The pocket guide is \$38. I'll change my review when you change your price. :)

I have used this manual for years (different editions), first in graduate school and now as I teach in colleges. It is a great pocket guide to keep with you. However, do not get the electronic version of it. I purchased it and am not able to use it. It is only for the kindle and I really wanted to keep a copy of the electronic version on my Windows 8 tablet as a resource.

A heck of a lot better than reading the APA manual! I am in graduate school, so APA is used quite often, and I can say that you would be better off not buying the official manual, saving the money

and buying this instead. It is small, concise, and updated to reflect the latest electronic sources.

This is the latest updated version and I recommend it for anyone who need to write a professional paper or just needs to use it for correct writing and organization of a properly written document.

Excellent book for finding APA info quickly. The information is listed clearly for great understanding....Recommend

Quick access guide for all your APA needs. Can also go to OWL, but when your on the go without internet access this is perfect.

Book was purchased used, it is in very poor condition not as described. Plastic binding the book is bent making it impossible to turn pages without them tearing. Will never be used again.

I gave this as a gift to a friend of mine who returned to college. She says she wouldn't be without it! Easy to use, clear and concise, and invaluable for writing and citing papers.
