This is the perfect book that manifested kama sutra love making with your love one through given techniques and tips. I can never get tired of reading about Kama Sutra, I have purchased several books on this topic but to-date this is our favorite. It was interesting to read about the origins and history and it was amazing to find out that it is so much more than great sex. This guide book can makes you master in kama sutra love making. I have enjoyed a lot while reading this book. I think this book is a great resource for couples, not only to open up options in the bedroom and strengthenâ bonds but to also to appreciate other's cultures. Recommended! :-)

Each and everyone of us has its own taste and style. We always look for something new. We always explore. We don't want to get used to a thing, that's why we're always looking for something. A spice is not just for food, but also for relationships. This is mandatory to keep your love and relationship growing. Kama sutra is a great guide book for couples who are struggling in their relationship. I've learned a lot reading this. Every chapter is clear to me. And it embark a little in my mind. I love how the author talks about it in whole. This is very informative. A highly recommended book, indeed

The Kama Sutra is one of three ancient Indian texts written in the Sanskrit language that illustrate the acceptable goals of life. It is dedicated to the quest of karma, a genuine goal but less praised than the goal of artha (power), while the quest of dharma (moral law) was considered the most worthy. Rachel Hughes presents Kama Sutraâ™s classifications of both men and women and the 64 arts of love that need to be studied in order to understand better the meaning of love. In this engrossing guidebook you will learn about the behavior inside and outside the bedroom, about kissing techniques, foreplay and sex positions. It is very educational and I deeply recommend to it to anyone who would like to understand more about intimate and sensual love.

There are a lot of things that you can try or experiment using this book. This book is a really great read if you're looking for something new to do with your partner, or maybe even yourself. It also has a bunch of tips to make kama sutra enjoyable for you and your partner. This book is a great help to

me since I find it difficult to enjoy sex with my partner. This book would totally help kick-start that journey. Kama Sutra is an art that has been most effective for generations and generations. This book throughout gives you the best tips that how to enhance your intimacy with your partner and different sex positions in detail. Must recommended.

Kama sutra is one topic that I find interesting to know about, which is why I read this book to know the art of sex. This book tells me about the history of kama sutra's way back in India- their view of this topic comes from their cultural way of looking for a potential husband or wife. The various sex positions is one facet of a couple's life that needs to be mastered to satisfy both parties according to this book which is true in real life, and to bond the couples relationship. This book serves as my virtual aphrodisiac to enhance the quality of my sex life!

I find this book quite a reading experience. This is because I get to learn a few good things about Kama Sutra and some secret techniques on how I can make my intimate relationship more amazing and better too. And if there is one topic I appreciate the most, it would be the one about the different kissing techniques. This book can help couples out there, once read and fully comprehended. I think improving the intimate side of a relationship is crucial and must be worked on more.

This is book bring my interest about Kama Sutra. Good thing to know that men and women have classification when it comes to their sizes, and somehow another meaning of love. This book is suggested for couples that looking to have more intimate love. I learned a lot of things that you can do with your partner, haha. This book helped me understand of past and present sexual activities, especially with different ways to spice up and exploring sexual life. There are a lot of things that you can try or experiment using this book. I highly recommend this book to couples that are looking for more hot and intimate relationship. Thanks to the author for this book.

Best book on the Kama Sutra that I've read in a while. Should be a fascinating read for anyone with an open mind and true intentions of learning the art of lovemaking. I think Kama Sutra books are being typecast as sex position guides because that is easily the first thing that comes to mind when people hear it, but it's actually so much more than that. With this guide, one will learn about the philosophy involved in sex and intimacy, and couples will greatly benefit in terms of improving their lovemaking and deepening their connection. Good read.
